To: Prospective Cell Phone Carrier

RE: Cell Phone Service in Hyco Lake Area of Person and Caswell County

We would like to go on record stating our desire and support for providing cell phone service in the Hyco Lake area of Person and Caswell County.

Presently, cell phone coverage is mostly non-existent which results in several problems for our company as well as for many of our employees living in that area.

Hyco Lake is one of the fastest growing areas of Person and Caswell County. Future growth of business is dependent upon having cell phone coverage in this area. This is both a safety and business issue for us.

Many of the current homeowners commute to/from this area and require adequate coverage. With most of local growth in this area, business communications is vital.

A recent survey indicates that there is overwhelming support for cell expansion and that in fact the users will switch to the carrier that comes to market in the Hyco area.

Although we are a small company and only employ 6 employees we need cell coverage in the Hyco area. We are a service oriented company and spend a great deal of time in this area. We rely on cell phone service for safety and efficiency and would greatly benefit with adequate coverage in this area.

We believe that there is considerable support and market share available for the supplier who serves this area. We look forward to your response and expansion to our area.

If you need additional information or support, please contact me at: (336)599-6861.

Sincerely,

Michelle R. Young

Vice President
