Subject: Cell Phone Service In Hyco Lake Area Of Person and Caswell County

We would like to go on record stating our desire and support for providing cell phone service in the Hyco Lake area of Person and Caswell County. Presently, cell phone coverage is mostly non-existent which results in several problems for our organization.

Hyco Lake is one of the fastest growing areas of Person and Caswell County. Future growth of business is dependent upon having cell phone coverage in this area. This is both a safety and business issue for us.

Many of the current homeowners commute to/from this area and require adequate coverage. With most of local growth in this area, business communications is vital.

A recent survey indicates that there is overwhelming support for cell expansion and that in fact the users will switch to the carrier that comes to market in the Hyco area.

We currently employ 2 employees in this area and have plans to expand. Current and future employees need cell coverage to do their job and meet client's needs/demands.

We believe that there is considerable support and market share available for the supplier who serves this area. We look forward to your response and expansion to our area.

If you need additional information or support, please contact me at: 336-598-0594.
